Regarding Independent Contractors
Third-Party Providers

Independent Contractors/Third Party Providers

In the event a resident or the resident's responsible party contracts with an independent contractor or third-party provider for the resident's care, the resident or responsible party hereby acknowledges, agrees, releases, indemnifies, and holds harmless name of residence from any and all claims for injuries or damages sustained by the resident, independent contractor or other third party in connection with any third-party contract, whether occurring within the facility or off-site arising out of the negligent or intentional acts or omissions of any third-party provider providing services for the Resident.

The resident or responsible party further agrees to notify such independent contractor or third-party provider that name of residence is not insuring such independent contractor or third-party provider.

The resident has a right to choose a third party provider of their choice within the state requirements and regulations. The resident must notify the administrator prior to the commencement of any services by a third-party provider at the residence. The resident understands and acknowledges that the third-party provider must execute a Third Party Provider Agreement and clear a criminal background check prior to the third-party provider being allowed to provide services to Resident.
